## **Policy on Campus Infrastructure, Maintenance and Utilisation**

The college with its long existence provides adequate infrastructure facilities to the staff and students for effective teaching-learning processes. Whenever a new programme is started, additional infrastructure and necessary facilities are provided immediately. The college shall constantly maintains, updates and replaces all the physical, academic and other support facilities.

The institution has established the following systems and procedures for maintaining and utilizing physical, academic and other support facilities.

### **Maintenance of the facilities**

- The Secretary of the college is responsible for maintaining all the infrastructure facilities in the campus.
- All the buildings are painted once in three years and dusting is done once in a month.
- Any repair work that has to be rectified is represented to the secretary through the HoD's, and the persons responsible for it.
- Carpenters and electricians maintain furniture and electrical fittings.
- A separate register is maintained to record the repair and the rectified work.
- Any requirement of new equipments and replacement of repair equipments are informed to the Principal through the Heads of the Departments.
- Campus and the class rooms are cleaned daily by the persons appointed for it and are supervised by the office superintendent.
- Washrooms are cleaned twice a day daily.
- The garden and the greenery of the campus are maintained by the gardener appointed by the institution.
- Lab assistants headed by the system administrator maintains the computer systems and network facilities.
