Scope And Functions

The Eco Club shall promote environmental awareness through initiatives such as:

- To create awareness among the students and faculty about the environmental issues such as pollution, climate change and biodiversity.
- To encourage Waste Segregation, Recycling, Composting, Water Conservation, Energy Efficiency, and Plastic-free initiatives within the campus.
- To assist in conducting Green Audits and Energy Audits of the campus and suggest improvement measures.
- To organize Short Film screenings and documentary shows on environmental issues such as waste management and water conservation
- To conduct Hands-On Training Programmes on composting, waste segregation, recycling techniques, and eco-friendly practices for students and faculty.
- To contribute towards creating and maintaining a clean, green, and sustainable campus through continuous awareness and action-oriented programmes.
- To invite Environmental Experts to deliver guest lectures on topics related to environmental protection, green technologies, and sustainable campus practices.

This notification shall come into force with immediate effect.
